

Lobee Pump & Machinery Co.

Industrial Pumps and Accessories

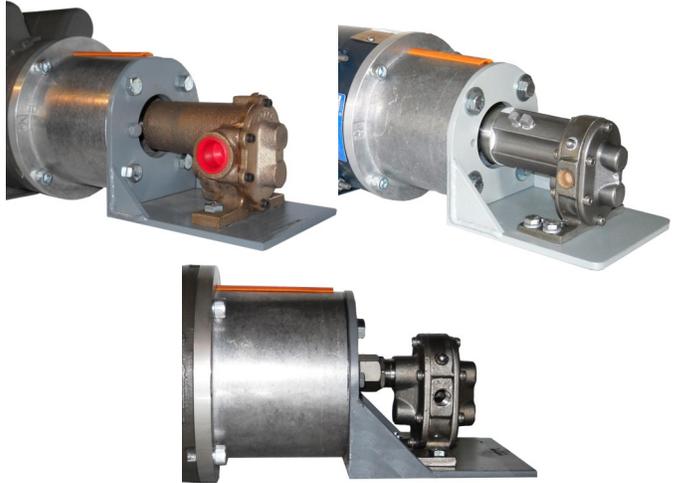

Since 1899...Noted for Highest Quality Pumps and Equipment

Process Pumps for Industry

Completely 'Made in the USA', not just "designed, assembled and tested."

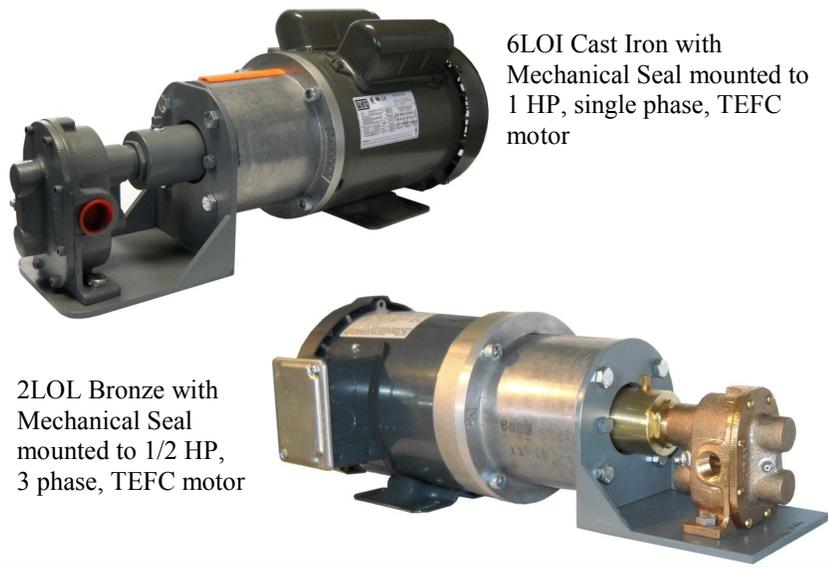

Lobee Gear Pump Direct Mount Adapter Kit

Our Direct Mount Adapter Kit will accommodate direct mounting all Model LOS, LOM, LOL/LOI, LOE/LOX and MOE/MOX gear pumps to any C-Face electric motor, frame sizes 56C, 143C, 145C (Up to 2 hp). We use a standard SAE pump mount adapter with our special bracket for a simple bolt on solution.

- Ask for Part #DMAC and tell us which pump you'll be using.
- Direct Mount Adapter Kits also available for 184/184TC, 213/215TC motor frames.

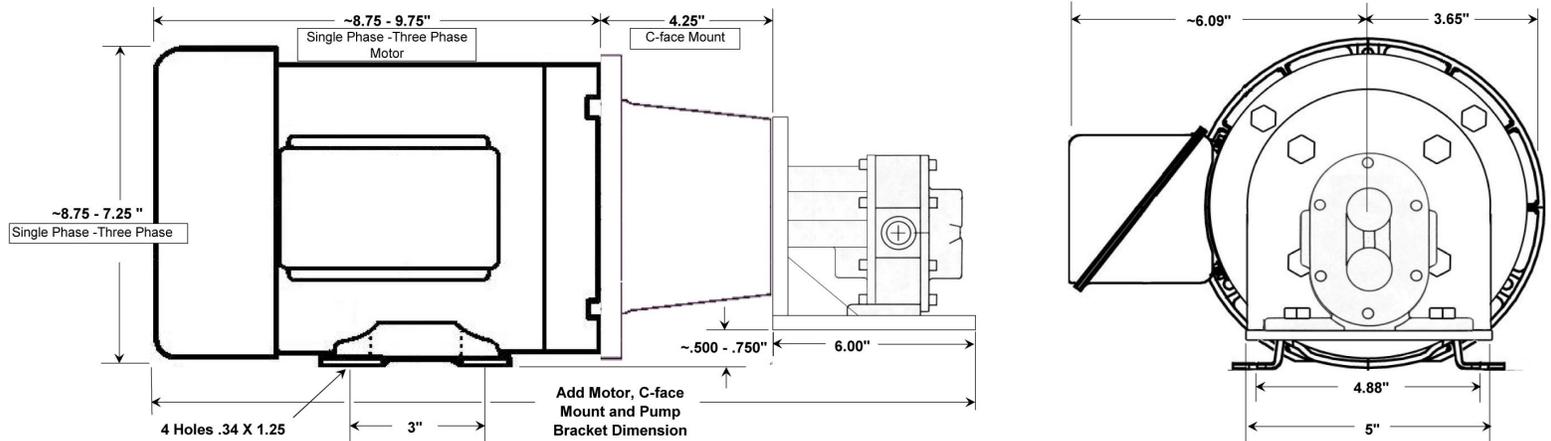

Kit includes motor mount, shaft coupling, pump bracket and all necessary fasteners to direct mount any Lobee gear pump.
